

PRESS RELEASE

Bonar Floors begins implementation of TXT Demand Software

19 January 2007 – Bonar Floors the renowned flooring manufacturer, has just started to implement a new supply chain systems through TXT e-solutions. The £100 million manufacturer plans to complete the roll-out of the new technology during the next 6 months in its five manufacturing plants, three in the UK, one in France and one in Holland, as well as Sales Offices in Germany and Hong Kong. Over 35 years of experience have given Bonar unparalleled expertise in specific sectors as wide-ranging as healthcare, education, transport, marine, hospitality, leisure, offices and retail.

Bonar spent nine months evaluating a number of potential partners before selecting TXT e-solutions having seen the software in a pilot environment using Bonar Floors data showing them how it could help with improving their forecasting and budgeting processes.

Bonar Floors belongs to Low and Bonar PLC, an international materials technology group originally founded in 1903 that manufactures and supplies a wide range of yarns, fabrics and flooring products to customers all over the world.

Bonar Floors – “the hi-performance flooring company”.
